

PSS Donation Acceptance and Donor Safety & Privacy Policy

1. Introduction

Promoting Skill For Success's mission is to provide Cambodian disadvantaged young people with access to quality education in the digital sector, ensuring their employability and long-term financial independence. This contributes to the socio-economic development of Cambodia.

PN ws recognized as a **non-profit organization** by the French Government, Passerelles Numériques operates internationally under license.

SIREN: 498 365 865 31

This policy outlines the principles governing the acceptance and refusal of donations to ensure alignment with our mission and values. It is aligned and complies with PN Global's policy but provides minor adjustments to the local Cambodian context. The Country Director and ERO Manager oversee compliance.

2. Donation Acceptance Policy

The following policies and guidelines govern the acceptance of donations:

- Donors are encouraged to seek legal and financial advice regarding their donations.
- Donations undergo evaluation based on Passerelles Numériques' **Donation Acceptance & Refusal Policy**.
- Donations from high-risk sources are assessed individually to balance impact and risk.
- The organization reserves the right to refuse or terminate partnerships conflicting with its mission.

High-Risk and No-Go Donations

Donations of **\$2,500 or more** will be screened for links to the following activities:

- Weapons manufacturing
- Alcohol, tobacco, and adult content industries
- Gambling promotion
- Entities violating [UN sanctions](#) or [Security Council resolutions](#)
- Money laundering or terrorism-related activities

A due diligence **filtering tool** ensures third parties (suppliers, donors, employees, students, volunteers) are not affiliated with these activities. Any donation related to any of the above activities will be refused and considered a "No Go".

3. Donor Safety Policy

Passerelles Numériques Cambodia ensures that donors can confidently support our mission. Donors have the right to:

- Access the organization's most recent financial statements.
- Receive appropriate acknowledgments and fiscal receipts, respecting anonymity when requested.
- Assurance that their donation information is handled confidentially in compliance with [General Data Protection Regulation \(GDPR\)](#).

4. Protocols for Contracts, Grant Agreements, and MOUs

Written and countersigned grant agreements, **memorandums of understanding (MOUs)**, and contracts may be required for:

- Multi-year pledges
- Contributions valued at **\$2,500 or more** from private foundations, corporate foundations, or public funding entities

5. Donor Privacy Policy

Passerelles Numériques Cambodia is committed to protecting donor information and ensuring privacy compliance with applicable laws. **We do not trade, share, or sell donor information** outside the organization or send donor mailings on behalf of other entities.

General Donation Terms

- Donations will be respectfully considered and gratefully accepted unless deemed contrary to our best interests.
- Passerelles Numériques Cambodia reserves the right to accept or reject any gift at its discretion.
- Accepted donations are tax-deductible per applicable laws and will be used to further the mission.
- Donors may designate contributions to specific projects; however, **funds may be reallocated** if a project is overfunded.
- Donations **may be canceled before processing**; once processed, they become **non-refundable**.

6. Donor Information Collection & Usage

Passerelles Numériques Cambodia collects donor-related information, including names, company names, contact details, and donation records. This information is used to:

- Maintain donation records
- Respond to donor inquiries
- Analyze giving patterns for budget planning
- Comply with legal obligations

7. Future Solicitations and Opt-Out Options

Donors receive updates about our programs and activities via mail or email. Donors may opt out by:

- **Unsubscribing** through provided links

¹ Cambodia has not yet enacted comprehensive cybersecurity and data protection legislation, although the Ministry of Post and Telecommunication (MPTC) announced in 2021 that it would be drafting the Personal Data Protection Law after finalizing the draft Cybersecurity Law. In November 2022, the MPTC announced that it had completed the first draft of the draft Personal Data Protection Law and planned to hold internal discussions. The MPTC's draft Cybersecurity Law is also still being discussed and refined.
